2015-16 ANNUAL REPORT

I shared with my Client Educator what was happening in my life and how I was feeling. She listened to me and was so kind. She helped me to see that abortion wasn't my only option. This past year has been rough for me. I don't think I would be where I am or getting ready to welcome my new baby into the world without the help of Life Forward. - "Jessica"

I felt completely alone when I first came to Life Forward. My Client Educator was the first person I met who really seemed to care about me. She listened to my story and encouraged me. I'm trying to decide what to do. I'm scared, but with Life Forward's help, I know I don't have to go through this alone. - "Ashley"

I had plans for the future and they didn't include a baby. My Client Educator listened to me and didn't judge me. She told me that it was possible that a pregnancy didn't have to be the end of my life but a new beginning. Her words struck my heart. I know being a mom isn't going to be easy. I'm glad Life Forward is here to support me. - "Emily"

Life Forward helps women and their families make life-affirming decisions through God's love.
